22nd February 2026 (22/02/2026)

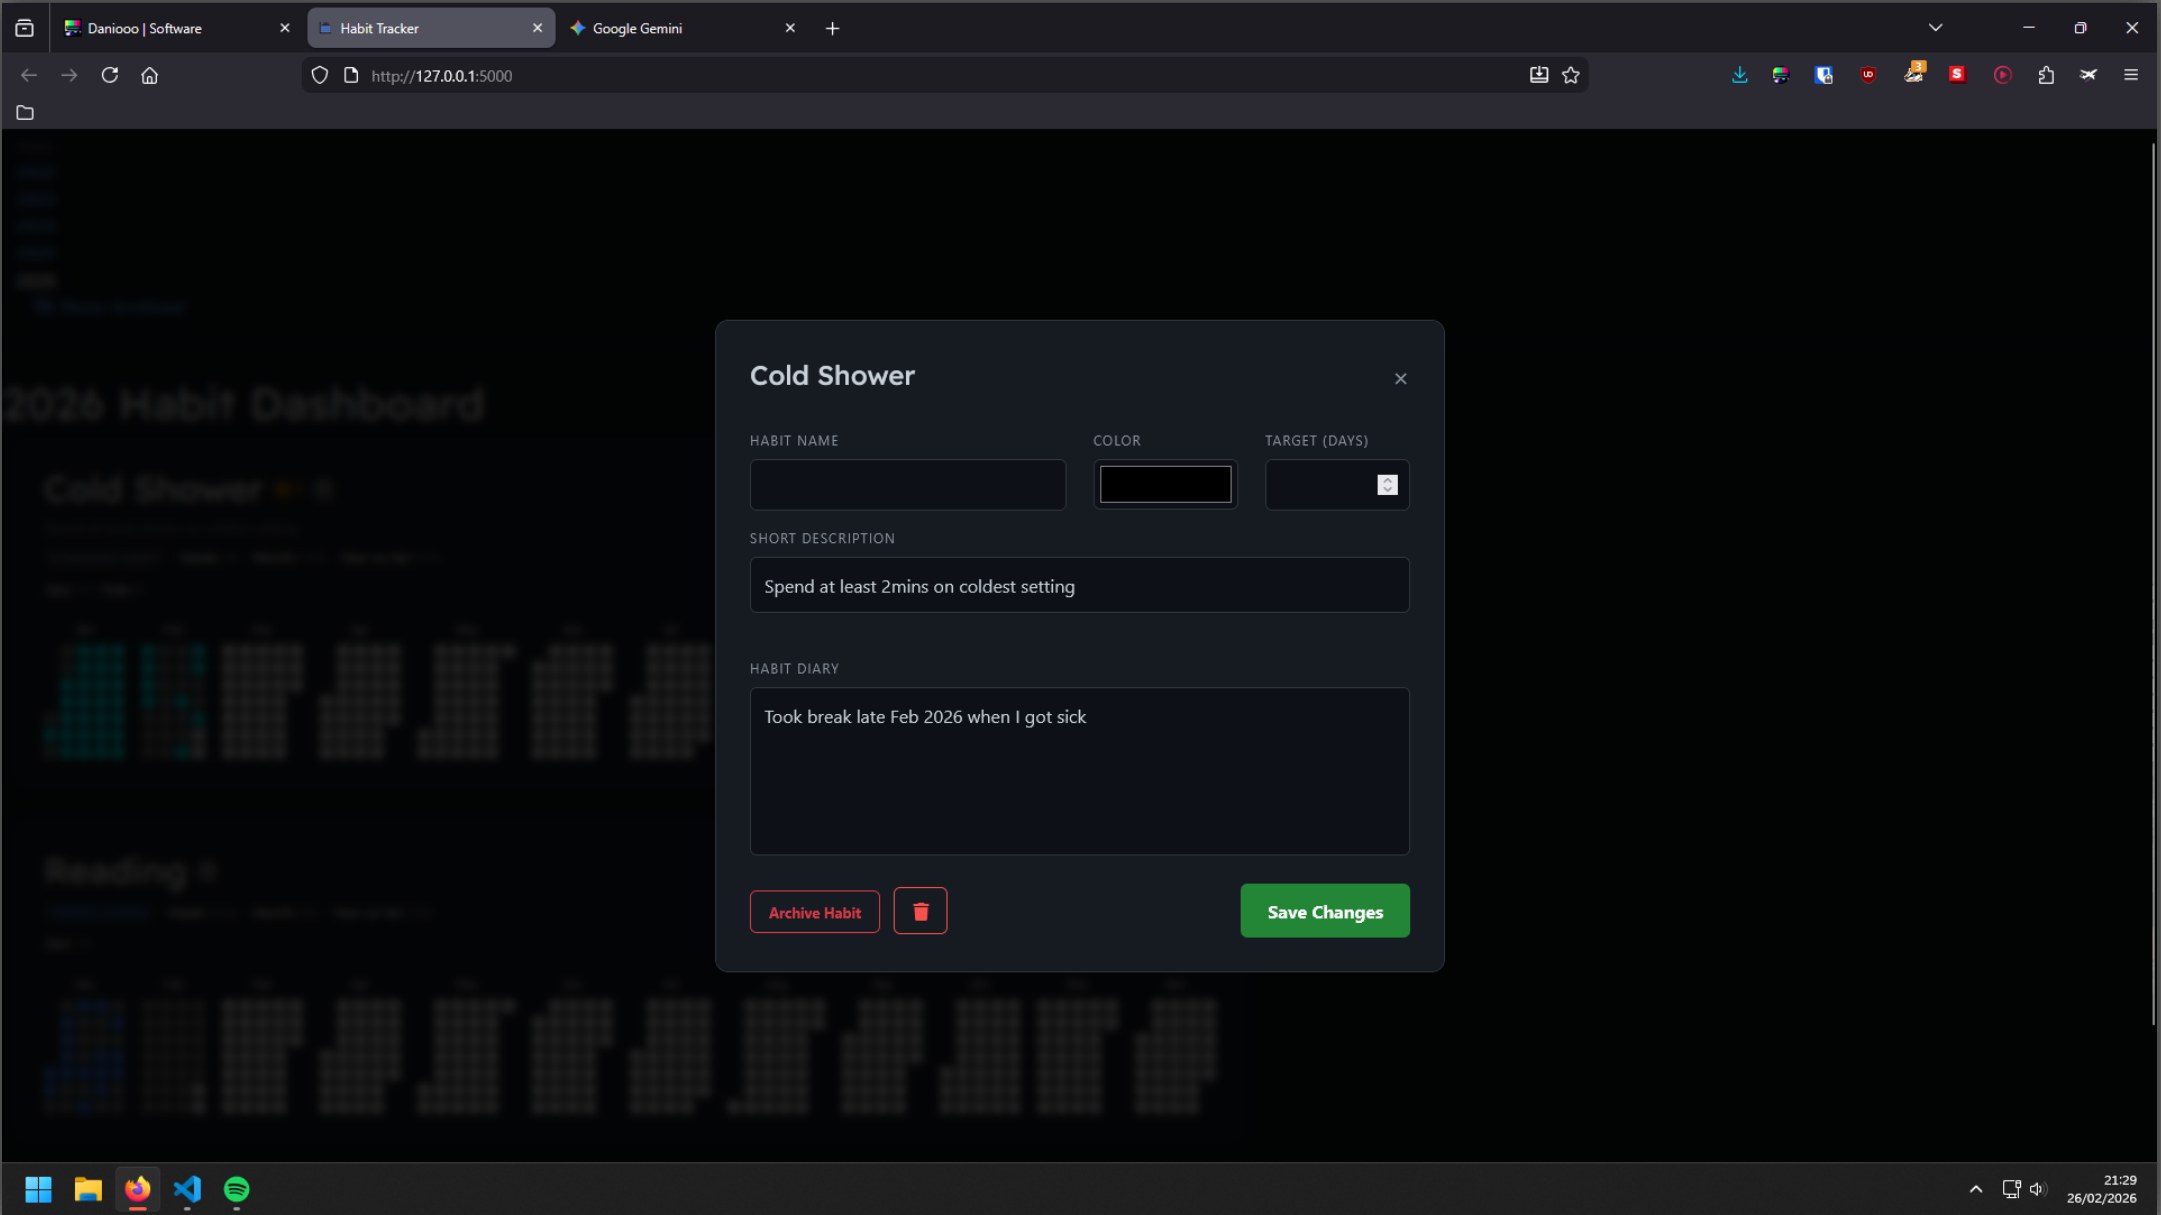

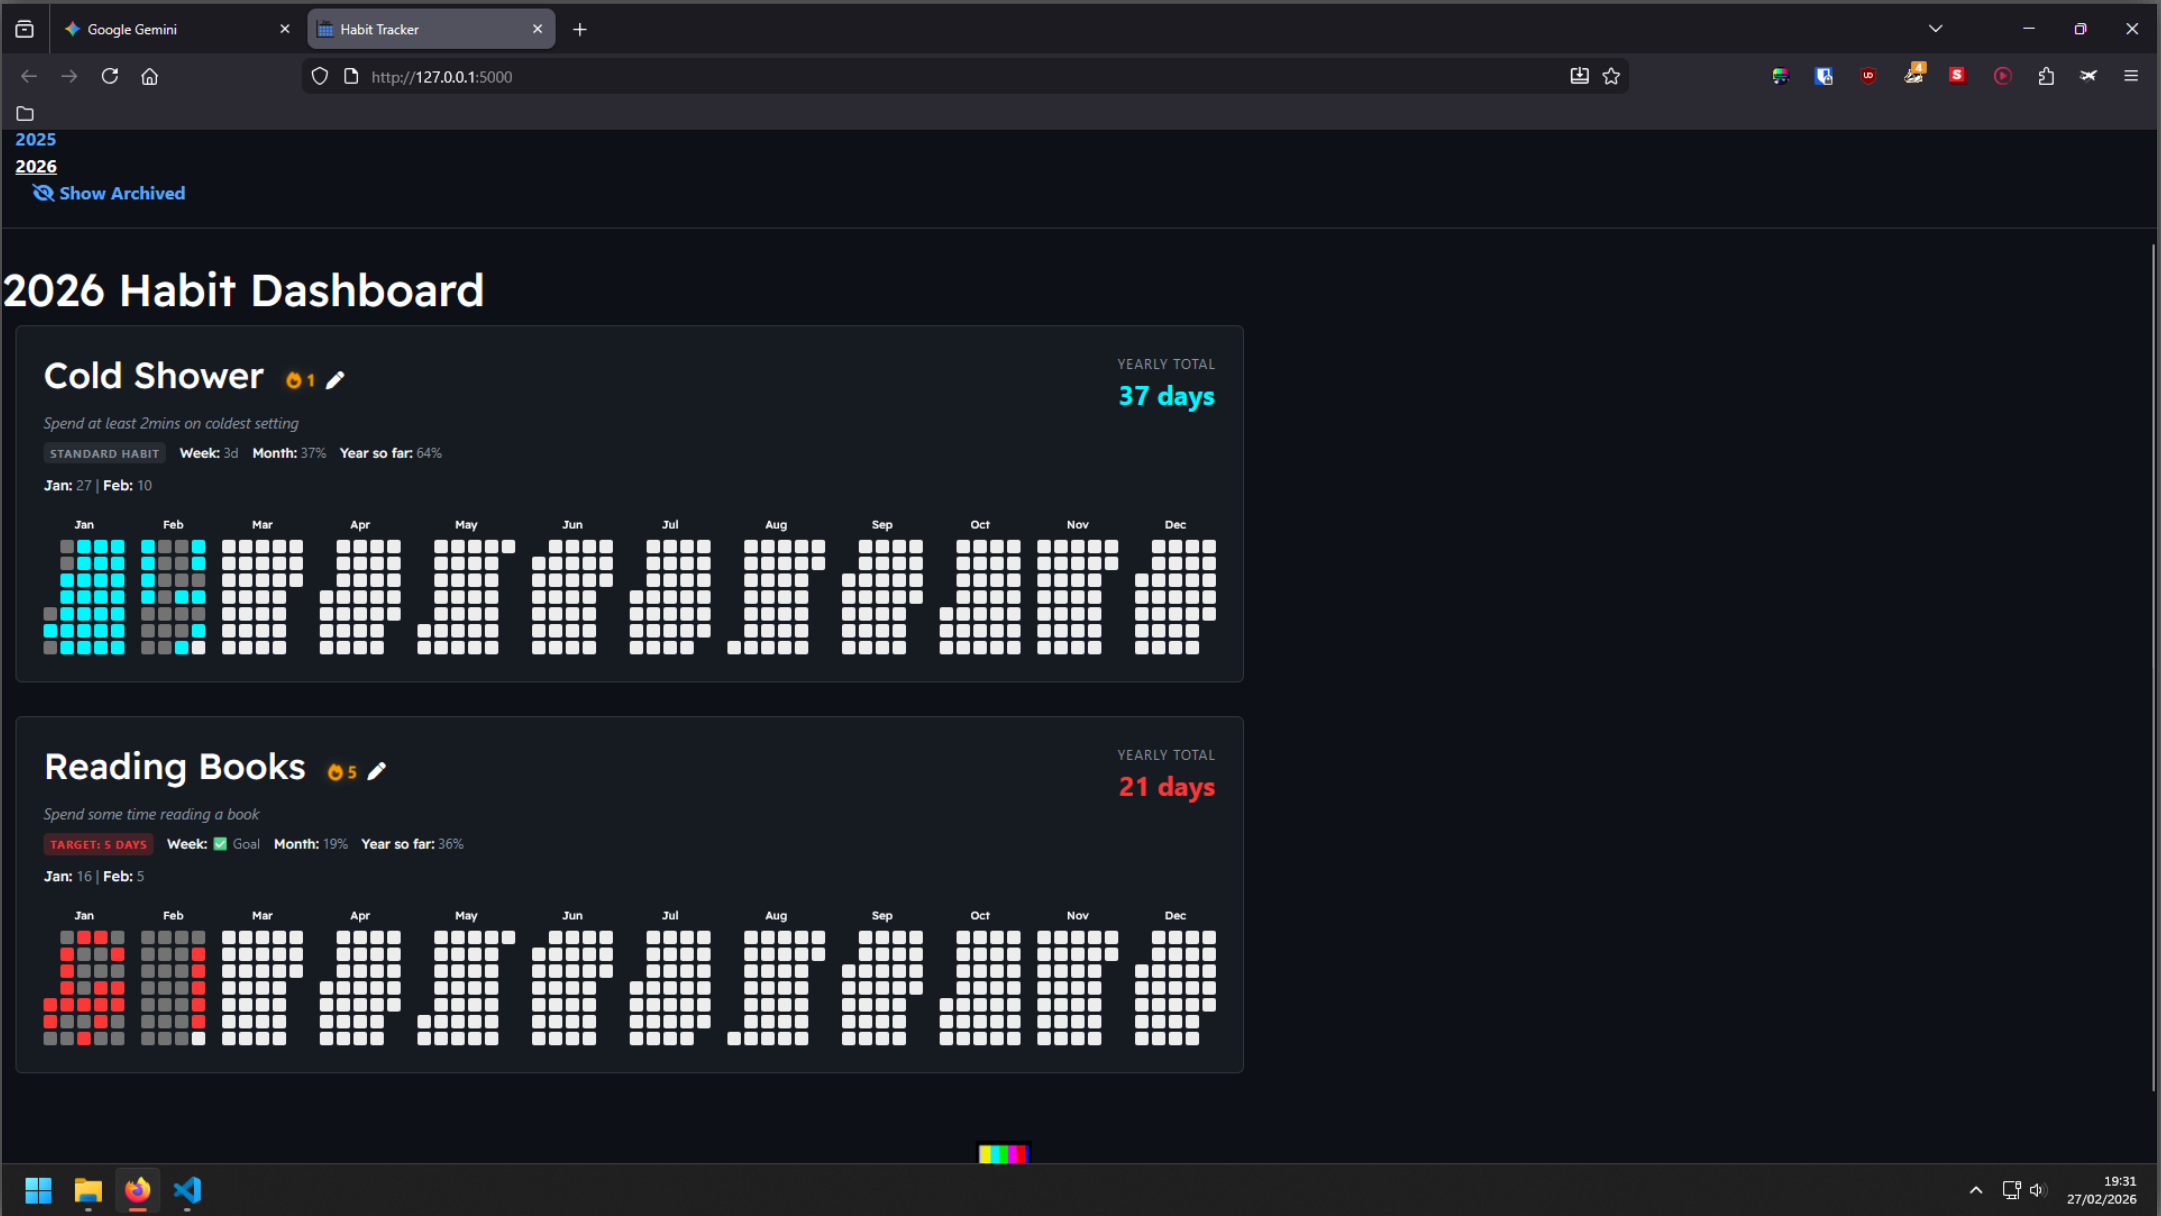

22nd February 2026 (22/02/2026)

The image shows a web browser window displaying a '2026 Habit Dashboard'. The dashboard has a dark theme and features two habit tracking sections: 'Cold Shower' and 'Reading'. Each section includes a title, a description, progress bars for 'Week', 'Month', and 'Year so far', and a calendar grid for the year 2026. The 'Cold Shower' section shows a 'YEARLY TOTAL' of 35 days, while the 'Reading' section shows 19 days. The calendar grids use colored squares to represent habit completion. On the right side of the browser, a code editor is open, showing the HTML structure of the dashboard. The code includes a navigation bar, a year title, a root container, a notes modal, a footer, and a script tag. The code editor also displays CSS styles for the body element, such as background color, min-height, position, margin, padding, and box-sizing. The browser's address bar shows the URL 'http://127.0.0.1:5000'. The Windows taskbar is visible at the bottom of the screen.

3rd March 2026 (03/03/2026)

The image is a screenshot of a web development project in progress, showing a code editor (VS Code) on the left and a web browser on the right. The code editor displays the source code for a habit tracker application, including a JavaScript file named 'main.js' and a CSS file named 'style.css'. The JavaScript code defines a 'drawHeatmap' function that generates a heatmap for a habit, showing the number of days completed per month. The CSS file defines the styling for the heatmap, including colors for different habit types (e.g., 'threshold', 'domain', 'range'). The browser on the right shows the rendered web application, which is a habit tracker dashboard. The dashboard has a dark theme and displays the following information: - A title '2026 Habit Dashboard' - A section for 'Cold Shower' with a progress bar showing '11 days' and a 'YEARLY TOTAL' of '43 day'. - A section for 'Reading Books' with a progress bar showing '2 weeks' and a 'YEARLY TOTAL' of '29 day'. - A 'Show Archived' button. - A 'TERMINAL' panel at the bottom of the code editor showing the output of the application, including the URL 'http://127.0.0.1:5000' and the status '200'.

09/03/2026

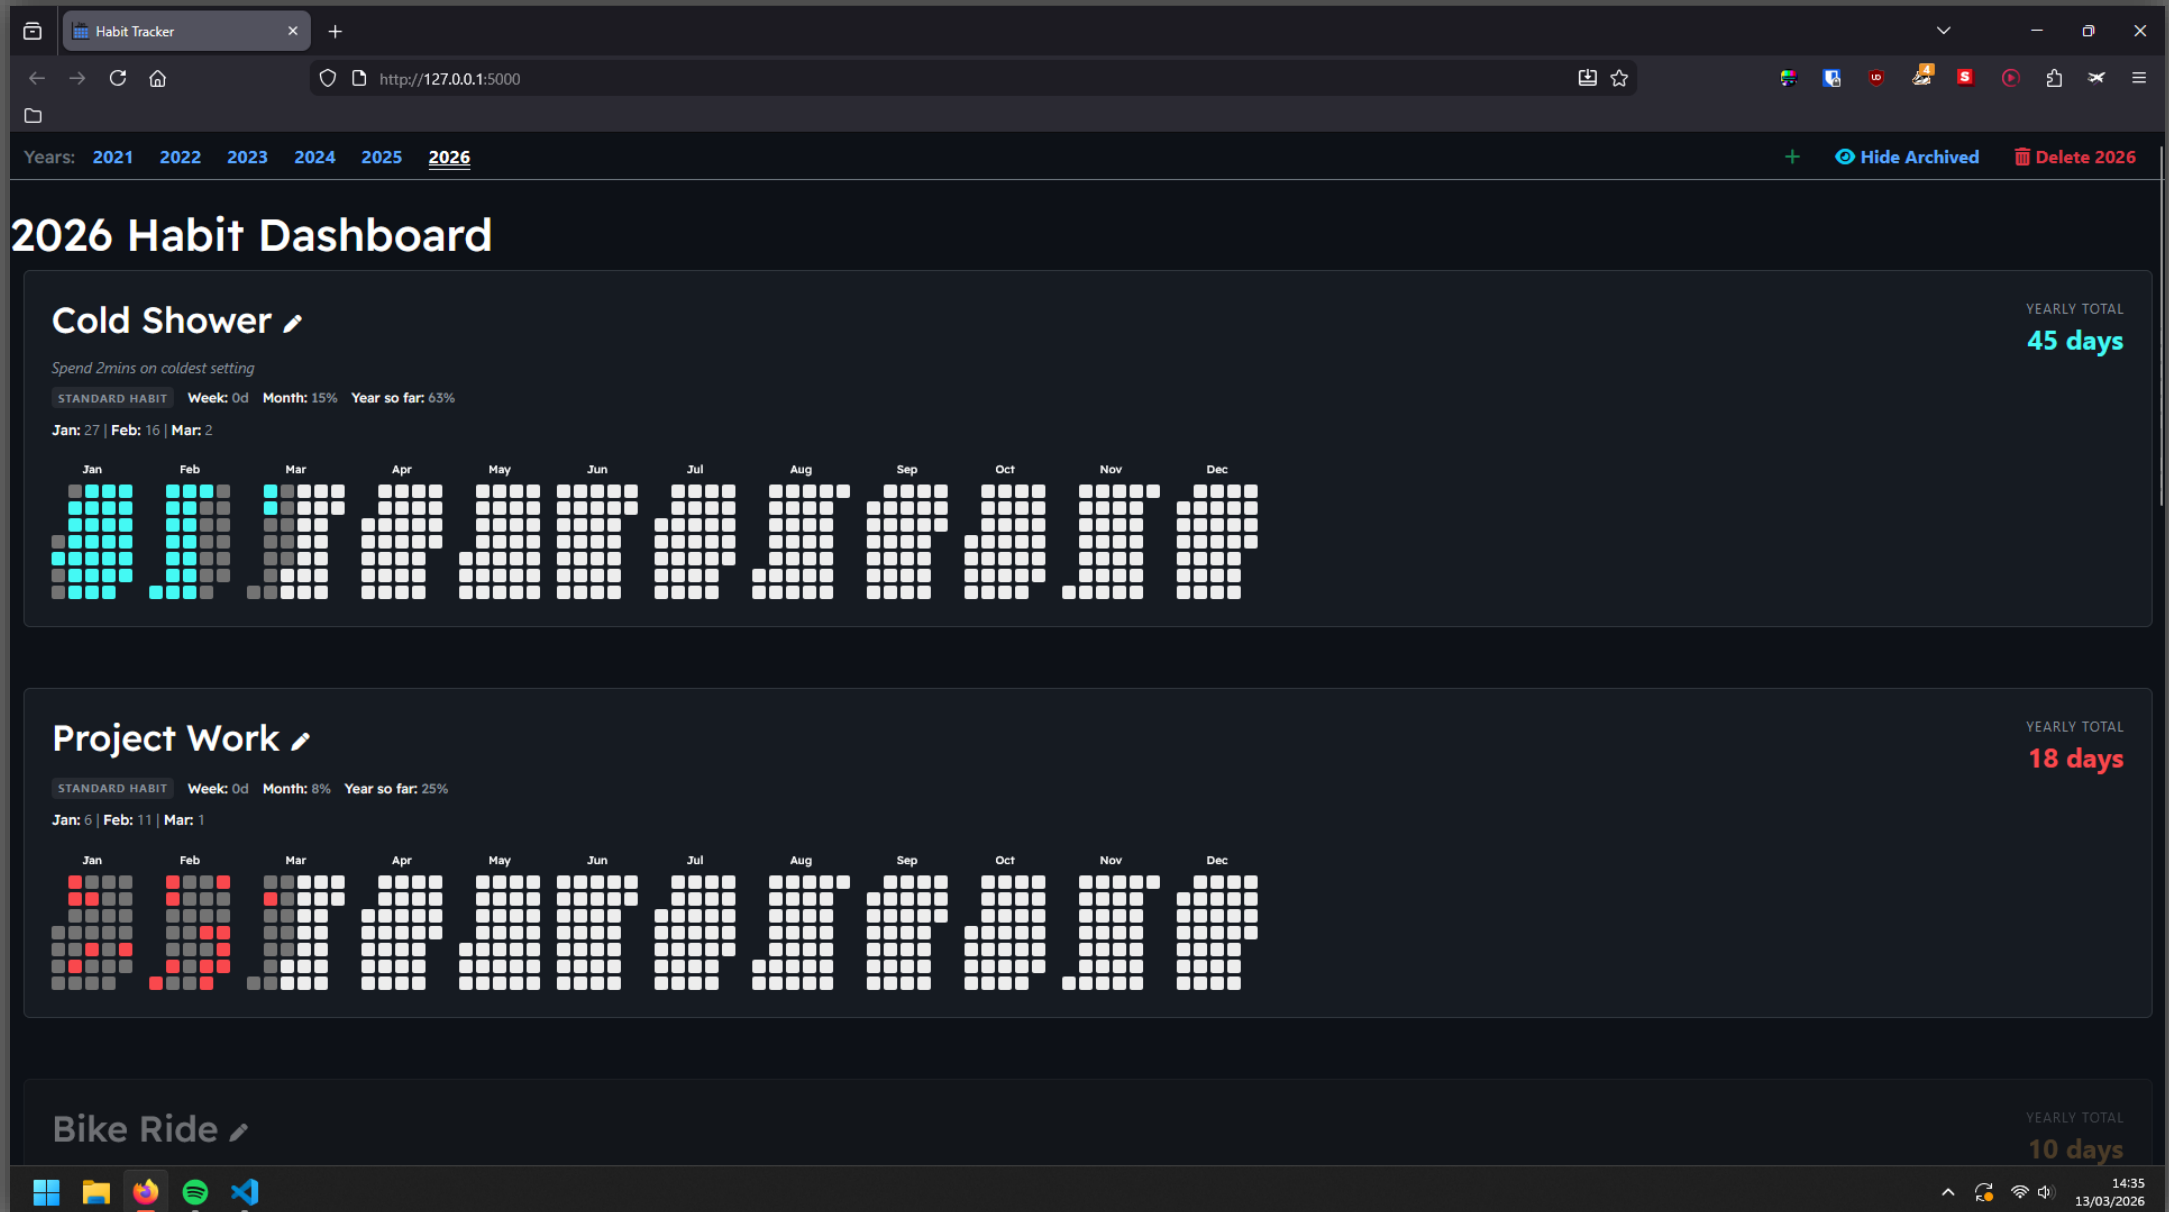

11th March 2026 (11/03/2026)

12th March 2026 (12/03/2026)

The image shows a web browser window with a dark theme. The browser's address bar shows the URL 'http://127.0.0.1:5000'. The page title is 'Habit Tracker'. The main content area is titled '2026 Habit Dashboard'. It features three habit categories, each with a title, a description, a progress bar, and a calendar grid for the year 2026. The 'Cold Shower' habit has a yearly total of 45 days. The 'Project Work' habit has a yearly total of 18 days. The 'Bike Ride' habit has a yearly total of 10 days. The calendar grids show progress for each month, with colors indicating the status of the habit (e.g., green for completed, red for missed). The bottom of the browser window shows the Windows taskbar with the Start button, File Explorer, and other open applications.

13th March 2026 (13/03/2026)

14th March 2026 (14/03/2026)

The image displays a web development project in progress. On the left, a code editor (VS Code) shows the file explorer with a project named 'Habit Tracker'. The main editor displays the 'index.html' file, which contains HTML code for a habit tracker application. The code includes a modal for adding a new habit, a section for choosing an existing habit, and a section for creating a brand new habit. The right pane shows the browser preview of the application at 'http://127.0.0.1:5000'. The application interface includes a 'Reading' habit tracker with a '24 days' yearly total, a '22pm Sleep' habit tracker with a '6 days' yearly total, and a modal for adding a new habit. The modal has a dropdown for 'CHOOSE EXISTING HABIT', a text input for 'NEW HABIT NAME', and buttons for 'Cancel' and 'Add to Dashboard'. The bottom status bar of the code editor shows 'Ln 102, Col 69' and 'UTF-8' encoding.

15th March 2026 (15/03/2026)

The image displays a web application interface for habit tracking, titled "2026 Habit Dashboard". It features three distinct sections, each representing a different habit: "Cold Shower", "Project Work", and "Gym". Each section includes a title, a brief description, progress statistics (Week, Month, Year so far), and a calendar grid showing completion status for each day of the year 2026. The "Cold Shower" section indicates 45 days completed. The "Project Work" section indicates 20 days completed. The "Gym" section indicates 1 week completed. A success message box is visible at the bottom right, stating "Habit project_work updated successfully!". On the right side of the image, a portion of a web development tool's interface is visible, showing the HTML structure of the page and various panels like Inspector, Console, and Network.
